

You Burn In Me

The Riot

Passion and pleasure, It's always the same
Playin' with fire, it's a dangerous game
Turn back the lies, turn back the night
It's deep within me, a spell I can't fight

And you burn, in me
Just like fire on the ragging sea
Like a storm, from inside
Like thunder from a friendly sky

There's no escaping, that look in your eyes
Though I can see you, through your disguise
My souls in prison, I'm locked up in chains
No chance for release, you pour through my veins

And you burn, in me
Just like fire on the ragging sea
Like a storm, from inside
Like thunder from a friendly sky

And you burn, in me
Just like fire on the ragging sea
Like a storm, from inside
Like thunder from a friendly sky

And you burn, in me
Just like fire on the ragging sea
Like a storm, from inside
Like thunder from a friendly sky

You burn in me
Oh you burn
You burn in me
you burn
you burn
Ooo, Ooo, Ooo
