

Here We Go

The Roches

There's a magic in our little room
Floating up like a colored balloon
It goes right to the top
Just so it can pop
And sprinkle down the sound of a tune
Hey yea
And hey yo
Hey whadayasay
And hey whadayaknow
Hey yea
And hey yo
Hey here we come
And hey here we go
The next thing you know there's a song
It's made up as we go along
Then when we hear it
It brightens our spirit
And we know that we can't go wrong
Hey yea
And hey yo
Hey whadayasay
And hey whadayaknow
Hey yea
And hey yo
Hey here we come
And hey here we go
