

## In The World

The Roches

In the world  
Is a town  
Small and proud  
There I live  
And there I'll die  
Head in a cloud  
I had dreams long ago  
Of the world I would surely know  
But it didn't turn out like that  
In the world  
Is a lie  
Flying high  
I thought you were mine  
But you were  
Never mine  
I had dreams long ago  
Of the world I would surely know  
But it didn't turn out like that  
In the world  
In the world  
In the world  
Is a hill  
Filled with trees  
From my door  
I can see  
Life is a breeze
