

## Little Bitty Betty

The Roches

Little bitty betty  
You're a baby  
Little bitty betty  
Could you maybe  
Go to sleep now  
Your mama's so tired  
little bitty betty  
Little lady  
Underneath the tree  
Cool and shady  
Get lazy with me  
That's all I require  
dreaming's a vacation from being awake  
All you gotta do is take  
A little nap with me  
Are you ready?  
little bitty betty  
Gettin' weepy  
I'm gonna rock ya steady  
Till you're sleepy  
Rollin' the stroller around  
But your eyes are open wider  
little bitty betty  
She's a fighter  
No jack or jim or eddy  
Could hold a match beside her  
Why don't you lay down your arms  
And just retire?  
come with me to the land of make believe  
You'll float your boat into a dream  
If you fall asleep with me  
Are you ready?  
little bitty betty  
Baby listen  
Curl up there with your teddy  
You don't know what you're missin'  
One baby for sale  
Will anybody buy her?  
little bitty betty  
I love you baby  
But oh boy baby betty  
You drive me crazy  
Go to sleep now  
Your mama's so tired
