

# Somebody's Gonna Have To Be Me

The Roches

Never mind the words of love  
I have heard them before  
Skip over that part  
I am waiting for  
Somebody to pull through for me  
Somebody's gonna have to be me  
Here you come again  
Arms across a broken heart  
You want me to be free  
I know what you mean but I am waiting for  
Somebody to pull through for me  
Somebody's gonna have to be me  
What is the meaning of the word love  
Do you mean what you say  
Don't fool around  
I am aching for  
Somebody to pull through for me  
Somebody's gonna have to be me  
I was standing underneath a beautiful tree  
There was nobody there  
My heart was a glow  
I was hoping for  
Somebody to pull through for me  
Somebody's gonna have to be me
