

Suit And Tie

The Roches

Easy baby no fightin' tonight
Time to watch the sun go down
You could put your slippers on
I'm in my nightgown
Please the breeze is blowin' our way
Let's forget let's forgive
We've been dying for some time
Let's live

I don't know why
I don't know how
I don't know when
Stories of love crash to an end

We gotta find a way
Will you try
We gotta find a way
Huh...did you say why

Down this dream*
Deep into my heart

Darling we have traveled far
No one here to help us now
Wish upon a star

I'm so sorry for the way that i have been
Help me out this paper bag i'm fighting in

We gotta find a way
Will you try
We gotta find a way
To say it's a tie...
