

I'm Doing Everything (For You)

The Rocket Summer

Do you ever do a thing or two just to wake
When you don't have a thing to say
I'll try to take this love but I don't know
Cause I don't want to wait I'm tired of
looking for the folks who try to say
that we don't know until were old cause
that's how it goes but what do i know, oh
And please pick me I'm a terrible mess
You know I just can't help it and I just gotta confess
You do what you do when I care a little less

So stay I'm gonna do everything I'm gonna make it right
I'm gonna make it good I'm gonna do it alright
I'm gonna write it down I'm gonna make a sound

Cause I'm doing everything for you
Cause I love to be near to you
Something just takes me away to a place where I'm happy
Cause I'm doing everything for you
Yeah you know that I adore you
and I just can't take it anymore

Oh! Oh! you know I gotta know, yeah, oh no

So I'll be making up things for you to see
Like romantic lights surrounding Italy
Cause you deserve the very best, and I'll never rest
So I'll be sure to pass that test
And I just smile and say whoa cause you just gotta know
That every time we stay you never lose your way
It reaches to the stars shines up the clouds and lights up this
whole world
Bless your heart you've made me happy again
It's been so long and I'm sick of pretending
You've enlightened the pain in my heart

So stay I'm gonna do everything I'm gonna make it right
I'm gonna make it good I'm gonna do it alright
I'm gonna write it down I'm gonna make a sound

Cause I do want to wait for another day cause I can feel this i
s right
I do want to make this go on for too much longer
Cause you've got a ringless finger and I could go buy a ring ri
ght now
Well actually I don't have money but that's okay
Cause I can figure it out
