

I Want Something To Live For

The Rocket Summer

1,2,3,4

Once I was fearless,
Going up against the world
Optimistic, seeing all the reasons for.
Crept through the darkness, I could live through anything.
where, where did it go?

I wanna feel it, like I did back then but more.
I really need it, more than I've ever before.
I believed in oh oh,
Where, where did it go?

So stop fearing death. I want something to live for
I've been holding my breath, I want something to live for.
'Cause when the death feels the sound, I want something to live for.
I wanna make you proud, I want something to live for.

Hey, how's it going?
Good
And how are you?
Good
Often do you wonder how much that isn't true?
Will you help me out if you can?
I'll take you as you are, please take me as I am.

Stop fearing death. I want something to live for
I've been holding my breath, I want something to live for.
'Cause when the death feels the sound, I want something to live for.
I wanna make you proud, I want something to live for.

I do hope, I believe in you and I need it now.
God I need you. And just your words I believe are true,
But just sometimes I fall down and break, though I don't mean too.

Stop fearing that and never look back I swear I wish I could.

Stop fearing death. I want something to live for
I've been holding my breath, I want something to live for.
'Cause when the death feels the sound, I want something to live for.
I wanna make you proud, I want something to live for.

I want something to live for
I want something to live for
I want something to live for

(Stop fearing death. I want something to live for
I've been holding my breath)

'Cause when the death feels the sound, I want something to live for.
I wanna make you proud, I want something to live for.
