

## My Typical Angel

The Rocket Summer

That's okay I don't care  
I can't remember what happened there  
something about you said you loved me  
you'd go with me anywhere

I don't care I don't mind you only broke my heart  
my life. revolved around you  
why did you leave what made you do  
gaze into the days

I came back you weren't there  
what happened to those times we shared  
I don't know I guess they're gone somehow i knew that all before  
you were fake theres no mistake in that it's better your away  
from me but still I think it seems so hard for me to see

gaze into the days  
what you see there had to be okay  
See, it's not so bad when you left, you left me sad, but my heart  
is growing back  
things just might get better, in fact I bet in no time soon  
I will be sad so don't come back acting sad  
Did you care yeah?

Today I'm alone and now I know that I'll be fine even without you  
by my side  
but I can't believe you left me there 'I love you'  
is what you said the day before you packed your things and left

gaze into the days

what you see there had to be okay  
See, it's not so bad when your gone you left me sad  
But my heart is growing back  
Things just might get better, in fact I bet, in no time soon  
I will be sad so don't come back acting sad did you care

I will never say I want you again  
I will never wait  
so I suggest you stay away  
Stay away  
away  
why'd you do this to me?
