

# Not Right

## The Rocket Summer

Sundown's coming  
Don't let it stop you from nothing  
Cause I see that there's a light on, right on

Break down in pieces  
Tell me all your secrets  
You won't get lost, I promise  
There's a light on, right on  
There's a light on, right on

Lately I've been meaning  
To let you in on some feelings  
Here I am, do you see them  
Shine the light on, right on  
There's a light on, right on  
A safe place to admit

That I am not right  
I don't know what it is, I'm just not right  
I need someone to untangle, cut the wires inside  
If we're honest, I am not quite right

Shine your light onto my weaknesses

Something cut me  
There's bitterness in my bloodstream  
Been holding on to dead things  
Shine that light on, right on  
There's a light on, light on  
A safe place to admit

That I am not right  
I don't know what it is, I'm just not right  
I need someone to untangle, cut the wires inside  
If we're honest, I am not quite right

So heaven help me  
Meet me as fast as you can  
On the corner of the street and the maze in my head

That I am not right  
I don't know what it is, I'm just not quite right  
I need someone to untangle, cut the wires inside  
If we're honest, I am not quite right

That I am not right  
I don't know what it is, I'm just not right  
I need someone to untangle, cut the wires inside  
If we're honest, I am not quite right
