

## So, In This Hour

The Rocket Summer

So long before  
You stood so long  
At my door  
Abundantly you have asked  
Have you received  
Is this everything that you've hoped for?  
Is this everything you've dreamed?  
Well I'm not sure  
If I don't really mean it

Life and history  
Repeat and I  
Will see visions vividly  
On how everything will end the same  
Is this everything that you've hoped for?  
Is this everything you've dreamed?  
Well I want it to be  
If the real point is seen

So in this hour  
Everything I do  
Will be all for this moment  
Everything's for you  
My heart is open  
And willing  
So take it

Get up, get up, get up

So much feeling  
Oh, my soul is singing  
And everybody feels the same  
Is this everything that you've hoped for?  
Is this everything you've dreamed?  
I think it is  
If the real point is seen

So in this hour  
Everything I do  
Will be all for this moment  
Everything's for you  
My heart is open  
And willing  
So take it

Stay in place  
When there's so  
Many things to say  
I want to help and not  
just hesitate  
But I just don't  
But I just don't  
So please take my life  
And use it  
I'm ready

Oh oh, oh oh, ohhh

Oh oh, oh oh, ohhh  
Oh oh, oh oh, ohhh  
Oh oh, oh oh, ohhh  
Oh oh, oh oh, ohhh  
Oh oh, oh oh, ohhh
