

## All Sold Out

The Rolling Stones

Why put this sadness inside of me  
Why be so matter-of-fact  
Why put this one bit of hope in me  
You sold me out and that's that

I hope that you're having fun with me  
There's not much left to attack  
I hope that you're nearly done with me  
You sold me out and that's that

All sold out i'd never seen  
A mind so tangled, a girl so strangled  
All sold out well i felt so green  
It was just like that  
I was put down flat  
I was sold out just like that  
Oh baby

All sold out i'd never seen  
A mind so tangled, a girl so strangled  
All sold out well i felt so green  
It was just like that  
I was put down flat  
I was sold out just like that

I missed the point of you doing it  
Your mind has just jumped the track  
I took a bit different view of it  
You sold me out and that's that

Hey hey, that's that
