

# Always Suffering

The Rolling Stones

Let's take a walk  
Just you and me  
And talk of days gone by  
Across the fields  
Under the trees  
Let's speak of you and I

While the whole world  
Was wandering  
We walked a steady line  
When all our friends  
Were wavering  
We kept on trying

Now we're always suffering  
Already lost  
Always suffering  
Already lost

Remember when  
On summer days  
I would sing a lovers son  
How you would smile  
Shower me with praise  
And the sun shined on

Now the rain is falling slow  
And the nights grow long  
And the train  
Cries out so hauntingly  
She is gone

Now we're always suffering  
Already lost  
We're always suffering  
Already lost

Please take these flowers  
Smell the perfume  
Let your soul come alive  
Let there be hope  
Hope in your heart  
That our love may revive

For life is but a chance  
On a wind swept hill  
And the seeds of love  
Are swirling above  
Let them be still

But we're always suffering  
We're already lost  
Always suffering  
Already lost
