

Casino Boogie

The Rolling Stones

No good, can't speak, wound up, no sleep
Sky diver insider her, slip rope, stunt flyer
Wounded lover, got no time on hand

One last cycle, thrill freak Uncle Sam
Pause for business, no you'll understand
The judge and jury walk out hand in hand

Dietrich movies, close up boogies, kissing cunt in cannes
A grotesque music, million dollar sad
I got no tactics, got no time on hand

Left shoe shuffle, right shoe muffle,
sinking in the sand
Fade out freedom, steaming heat on
Watch that hat in black
Finger twitching, got no time on hand
Alright, Mama
