

Factory Girl

The Rolling Stones

Waitin' for a girl she's got curlers in her hair
Waitin' for a girl we have no money anywhere
She gets buses everywhere
Waitin' for a factory girl

Waitin' for a girl and her knees are much too fat
Waitin' for a girl she has scarves instead of hats
Her zipper's burst out down the back
Waitin' for a factory girl

Waitin' for a girl and she gets me into fights
Waitin' for a girl we get drunk on Friday night
She's a sight for sore eyes
Waitin' for a factory girl

Waitin' for a girl, she got stains all down her dress
Waitin' for a girl and my feet are gettin' wet
She ain't pull out yet
Waitin' for a factory girl
