

# High and Dry

The Rolling Stones

High and dry well, I'm up here with no warning  
High and dry well, I couldn't get a word in  
High and dry oh, what a way to go  
She left me standing here just high and dry

A minute I was up there standing by her side  
The next I was down there, well, left out of the ride and  
High and dry oh, what a way to go  
She left me standing here just high and dry

Anythin' I wished for I only had to ask her (yep)  
I think she found out it was money I was after  
High and dry oh, what a weird letdown  
She left me standing here just high and dry  
Alright

It's lucky that I didn't have any love towards her  
Next time I'll make sure that the girl'll be much poorer  
High and dry oh, what a way to go  
She left me standing here just high and dry

High and dry well, I'm up here with no warnin'  
Yep  
High and dry well, I couldn't get a word in  
High and dry oh, what a way to go  
She left me standin' here just high and dry  
Well, she left me standin' here just high and dry  
Well, she left me standin' here just high and dry  
Hey!
