

Parachute Woman

The Rolling Stones

Parachute woman, land on me tonight
Parachute woman, land on me tonight
I'll break big in New Orleans
And I'll overspill in Caroline

Parachute woman, join me for a ride
Parachute woman, join me for a ride
I'll make my blow in Dallas
And get hot again in half the time

Parachute woman, will you blow me out?
Parachute woman, will you blow me out?
Well, my heavy throbbbers itchin'
Just to lay a solid rhythm down
