

He Did It

The Ronettes

He, yes he did it
And he, oh oh he said it
But he, he'll regret it
People let me tell you

I don't understand his alibi
I don't understand his reasons why
I don't understand him right or wrong
But he, oh he did it and he's gone

Oh how he fooled me
When he used me
And then he, he accused me
Let me tell you oh

I don't understand his alibi
I don't understand his reasons why
I don't understand him right or wrong
But he, oh he did it and he's gone

He, oh he shamed me
He, when he blamed me
But I, I'm not guilty
Let me tell you now

I don't understand his alibi
I don't understand his reasons why
I don't understand him right or wrong
But he, oh he did it and he's gone

He, he did it
He's gone
He did it now he's gone...
