

# Paradise

The Ronettes

Paradise

There is a land I know where lovers go  
& flowers grow forevermore  
Where time is standing still & lovers fill  
The quiet places by the shore  
We will cross the rainbow  
To a place where we'll be free  
Where he'll give his love to me  
So I'll wait for the day when he takes me away to...

CHORUS:

(Paradise) He'll take me by the hand to  
(Paradise) We'll walk along the sand in  
(Paradise) A never never land  
(Paradise) Wo wo wo

We'll build a castle there so we can share  
The happiness we've waited for  
While white flamingos fly way up high  
Way above the ocean's roar  
We will climb a mountain  
To see our wonderland  
Maybe now you'll understand  
Why I've waited for the day when he takes me away to...

(chorus)

(Stand by him) I'll stand by him  
(Do right by him) Do right by him  
& I swear that I would die for him, die for him

(repeat chorus)
