

Atonement

The Roots

(feat. Jack Davey)

[Intro / Chorus: Jack Davey - singing]

As I wait for atonement

Trapped in the heat of the moment

Feelin like I can't control it

As I wait for atonement

Trapped in the heat of the moment

[Black Thought]

Uh-huh, feelin the steam from the cauldron

With tension runnin deep as the ocean

Many are called, but so few are chosen

As I go through the motions, of medication uppin my dosage

Bangin Earth, Wind & Fire
