Alright, 100, 000 grand says I get it in one take  
Thats right take baby

Here we go  
She want to know if we can be together  
Even if it ain't gonna be forever  
But it can only be for one night  
The only thing I ever loved in my life was the mic  
She want to know if we can be together  
Even if it ain't gonna be forever  
But it can only be for one night  
The only thing I ever loved in my life was the mic  
Trust me, It's something bout the way I touch her  
The way that I hold her the way I clutch her  
She move a lot but that ain't shit to me  
Man, I need that bitch and that bitch needs me  
I ain't talking even RSP  
It belain's me to say  
They worry me  
Sit back

Get better then  
Make a veteran sit back  
Mic cruisin'  
One twosin'  
If y'all ain't wit us

No time to wake up  
No masquerade move the maker

What you fucking her for, nigga
