

# Tomorrow

The Roots

[Verse 1: Raheem DeVaughn]

Send a message to God in Heaven  
I'm thankful to be alive  
Cause you sleep from 11 to 7  
And work hard from 9 to 5  
Cause can't nobody last forever  
And everybody has to die  
And everybody needs protection  
I pray it don't pass me by

[Hook]

Cause everybody needs an angel  
And everybody needs to smile  
And everybody has an angle  
And everybody wants tomorrow right now

[Verse 2: Raheem DeVaughn]

Some say that happiness will never find you  
Until you find yourself  
Some say that happiness is all around you  
It ain't how you measure your wealth  
No, I say it's free to be yourself  
We all fall short sometimes  
It costs nothing  
It costs nothing, to help sometimes

[Hook]

Cause everybody needs an angel  
And everybody needs to smile  
And everybody has an angle  
And everybody wants tomorrow right now

[Outro]
