

Cape Fear

The Rosebuds

As I remember, I had one eye for a head
Making up my third-degree-burn bed
There's a baby catfish to be fed
But I turned him loose instead
Shaky shaky shaky shaky
Holler at me, give me updates
Heard another catfish ate a man
They got a search team going in
Shaky shaky shake all right

At the first lock of the old Cape Fear
At the first lock of the old Cape Fear
At the old Cape Fear all right
