

In The Backyard

The Rosebuds

I heard it time and time before
a creatures diggin' in our backyard.
In the dead of night, lookin' for
the demon boy to put them out there
on the front porch
like it came back to life

Yeah, It came back to life.
It came back to life.

Some folks say it's just a toy.
But that boy can take your soul, away.
I heard my mother sayin'
"It's a gateway to the underworld."
My old baptist preacher swore,
as he took our families house away.

And once in a while,
you can hear 'em diggin' in our backyard,
In the backyard,
In the backyard...

And once in a while,
you can hear...

We are desperate boys and girls and
we need to ask our Ouiji board
what the spirits have to say
Churches, boats, docks, and? stop their wars?
And Jim Morrison talked agin' today.
To the? god kids? from his grave.

And once in a while, you can hear 'em howl
in the backyard,
in the backyard...
