

Wait A Minute

The Rosebuds

I don't have your address, I can't go anyway
Not a day goes by, this is unlike me!
Where I don't feel alone, feel alone
I'mma a prize catch, if I can catch myself
The shining hurts, and it's all that's left
But wait a minute, lover, won't you be on time?
Wait a minute, lover, won't you be on time?
Oh, oh, oh, oh!

What comes from the heart is found on the lips
Whatever we say, burns on my skin.
Wait a minute, lover, won't you be on time?
Wait a minute, lover, won't you be on time?

I hear the actors on a... away from me.
But now I'm solving... that you'll never read me!
Wait a minute, lover, won't you be on time?
Wait a minute, lover, won't you be on time?
Wait a minute, lover, won't you be on time?
Wait a minute, lover, won't you be on time?
Wait a minute, lover, won't you be on time?
Wait a minute, lover, won't you be on time?
I'mma cry, I'mma go, I'mma go!
