

# Naked & Dumb

The Royal Concept

Don't go  
Why would you go?  
We've been  
At this  
As long as I know you  
This might be  
All the love I need now

Givin' me the  
Sweet talk  
Weren't you the one  
To just  
Get out  
Good luck finding guys  
That can keep up  
Everytime you freak out

I can't say the drama's gone  
It just begun  
There's certain things you  
Don't tell girls  
I said too much

But please don't tell me  
I'm the one  
There're all the one  
I feel left out  
I'm hanging up  
I'm losing you  
Got things to do  
That don't include you fool

No no  
Nowhere to go  
She's so  
Lonely  
Naked & dumb  
On her strip pole  
Saving for the ticket

Now I'm in the  
Background  
Naked & dumb  
I'm just  
Stupid  
To think she's done  
She's just started  
Reaches for a big kiss  
Now

I can't say the drama's gone  
It just begun  
There's certain things you  
Don't tell girls  
I said too much

But please don't tell me

Your the one  
There all the one  
I'm stroking out  
Your losing me  
The maddest girl I knew

No no  
I want to you to know  
That you  
Far Far  
Far from the one  
You deluded  
High up in your sky  
Take me down

How come all these  
Cycles  
Naked & Dumb  
She's too  
stupid  
To think that I'll come  
And we're flying  
High up in her sky  
I know that's where I've always been

Closer  
Closer to you  
But there's so much  
I'd rather do  
You're deluded  
High up in your sky

Take me down  
Now  
She's at my  
Doorstep  
Naked & Dumb  
She's too  
stupid  
To think that I'll come  
And we're flying  
High up in her sky  
I know that's where they'll find me again

I can't say the drama's gone  
It just begun  
There's certain things you  
Don't tell girls  
I said too much
