

At The High School Hop Tonight

The Rubettes

I wanna talk to my baby here in school
But that kind of talkin' breaks the rules
Well this ain't where I belong
Just waitin' all day long

For that bell to set me free
Cause I just wanna be
At the highschool hop tonight
Yer me an' my baby gonna be alright

Gonna walk on down to the social hall
When the joint starts jumpin' gonna have a ball
We're gonna be alright at the highschool hop tonight
Yer we're gonna jump back. Jump back do it right

We're gonna do the stroll til' the mornin' light
Put on my old blue jeans
And jump into my dream
Yer thats we're I'm gonna be

Hey girl just you and me
At the highschool hop tonight
Yer me an' my baby gonna be alright
Gonna walk on down to the social hall

When the joint starts jumpin' gonna have a ball
We're gonna be alright at the highschool hop tonight
Oh well I know one thing when I get old
There's still gonna be some rock'n roll

So I know I can't go wrong
Gonna do it all night long
Cause they made that sound for me
And I'm soon gonna be

At the highschool hop tonight
Yer me an' my baby gonna be alright
Gonna walk on down to the social hall
When the joint starts jumpin' gonna have a ball
We're gonna be alright at the highschool hop tonight
