

# Be My Girl

The Rubettes

Be my girl, put me in a whirl  
You're the one that I know, I want in my world  
Be my girl, such a sweet summer lady  
Never say that it's over, be my love be my girl

Remember all the fun we had  
(Games we used to play)  
Remember when you kissed me for the first time  
You held me oh so tight, wo-wo-wo-wo

Be my girl, put me in a whirl  
You're the one that I know, I want in my world  
Be my Girl, such a sweet summer lady  
Never say that it's over, be my love be my girl

Remember I used to come around  
(When you were young)  
But now you've grown, you're driving me crazy  
Don't break my heart be my little lady  
Won't you, be my girl

Be my girl, put me in a whirl  
You're the one that I know, I want in my world  
By my girl, such a sweet summer lady  
Never say that it's over, be my love be my girl
