

## Dancing In The Rain

The Rubettes

I don't remember going out last night  
Someone said I made myself a fool  
I don't recall the things they said I did  
I know I'd never do that as a rule  
I can't remember anything  
I must be quite insane  
'Cause all I can remember  
Is dancing in the rain  
I just can't seem to concentrate  
I've tried time and again  
but all I can remember  
Is dancing in the rain  
Did you really say the things you said  
Was it true or is it fantasy  
Did I lead you on or was I led  
Was it really you or was it me  
I can't remember anything  
I must be quite insane  
'Cause all I can remember  
Is dancing in the rain  
Now on with my best shoes  
I'm soaked right to the skin  
I've been dancing in the rain  
What a funny mood I'm in  
The doctor said I should've stayed in bed  
I guess I shouldn've tried phone you  
But I just had to see your face again  
And I think I've got pneumonia  
I can't remember anything  
I must be quite insane  
'Cause all I can remember  
Is dancing in the rain  
I just can't seem to concentrate  
I've tried time and again  
But all I can remember  
Is dancing in the rain
