

# Don't Do It Baby

The Rubettes

Don't do it baby  
Don't let the teardrops start  
Don't do it baby  
Girl please don't break my heart  
Don't let us say goodbye  
Let's give it one more try  
Don't do it baby  
Our love is too young too die

Girl just can't understand the reason why  
When we had everything that money just can't buy  
Why we have to call it quits. Call it a day  
Girl I've just got to find a way to make you stay  
Don't do it baby  
Don't leave me this way

Don't do it baby  
Don't let the teardrops start  
Don't do it baby  
Girl please don't break my heart  
Don't let us say goodbye  
Let's give it one more try  
Don't do it baby  
Our love is too young too die

Well I know some people wouldn't understand  
But we had seen a dream and held it in our hands  
And I never thought that I would ever see the day  
When I'd awake and watch it all just fade away  
Don't do it baby  
Don't leave me this way

Don't do it baby  
Don't let the teardrops start  
Don't do it baby  
Girl please don't break my heart  
Don't let us say goodbye  
Let's give it one more try  
Don't do it baby  
Our love is too young too die
