

I Really Got To Know

The Rubettes

Don't remind me it's behind me
It's all over don't let it take me over
I can get by without love if I try
Girl that's why

I've really got to know the reason why you're leaving me
If begging you to stay is all that's left I'm on my knees
My darling I regret the way I've treated you before
I really got to know if you don't to know no more

Don't be sorry I don't blame you
If you tell me you don't want me
I can get by without love if I try
Girl that's why

That's why I cannot live my life without you near to kiss
I truly am beside myself with sorrow over this
And if you should refuse me I will trouble you no more
I really got to know if you don't want to know no more

I still remember that long hot summer
Those days of you and I
Girl that's why

I've really got to know the reason why you're leaving me
If begging you to stay is all that's left I'm on my knees
My darling I regret the way I've treated you before
I really got to know if you don't to know no more
