

Stay With Me

The Rubettes

Stay with me, oh stay with me
It's so lonely without your baby
Don't go away, please stay with me

Why do you have to go and leave me now
I thought we'd always to be in love somehow
Be mine forever I'd hear you say
But now it's all over you're going away

Stay with me, oh stay with me
It's so lonely without your baby
Don't go away, please stay with me

Still can't believe that you've been playing around
Why did you have to go and put me down
Be mine forever, you used to say
And now it's all over you're going away

Stay with me, oh stay with me
It's so lonely without your baby
Don't go away, please stay with me

Be mine forever I'd hear you say
But you'll surely break my heart if you go away

Stay with me, oh stay with me
It's so lonely without your baby
Don't go away, please stay with me

Stay with me.
