

Your Love

The Rubettes

I want to love someone
Like you, like you, oh I do

And I want to be somewhere
With you, with you, oh I do

And your love, Your love,
Your love is all I need

Yes I need

I need your love
Your love is all
All I need

I needed to give you my love
To give you my love
So please don't refuse me
You'll see someday
Yes, you'll see.
