

## Soil of the Incestuous

### The Ruins of Beverast

I am  
The wandering moon and sun  
The rabbit and the snake  
The virgin and the rapist  
My shadow

The path of the mind's eye shall never bifurcate...

I enter  
The church and the graveyard  
The storms and the rainbows  
The soul and the flesh  
My shadow

The path of the mind's eye shall never bifurcate...

I suffer  
The rotten lower skin  
The wandering moon and sun  
The sin and altruism  
My shadow

(...painfully roaming the soil of the incestuous...)

The bloom will fail to come  
I wear reflected scars  
Until I smash the mirror.
