

## Alarm Clock

## The Rumble Strips

My alarm clock he ain't working  
But I don't really mind  
Because he ain't no friend of mine  
Keeps waking me up all the time  
Singing beep beep beep  
Get on your feet  
You gotta get a job cos your in too deep  
Oh noooo, noooo

Well I don't like doing things that other folk tell me to do  
So I hit him with a hammer and now he's quite subdued  
And when I wake up in the morning he don't even make a sound  
And my life ain't slipping away because his hands don't turn around  
Beep Beep Beep  
Get on your feet  
You gotta get a job cos your in too deep  
Oh noooo, noooo

I've never been so happy as what I am right  
And people misunderstand because I was made some joker  
Put my smile on upside down
