## The Runaways

You didn't care you went and broke my heart  
I'll get ya back you know it's gonna start  
You gave me pain thats whatcha done to me  
When I get through you'll be sorry you met me

You'll wish you were never born  
Blackmail, blackmail  
I'll make you pay  
For the life that you tore  
Blackmail  
Black

You put it to me and now we'll play my game  
I'll wrap you up and you'll go insane  
It took so long and I waited my turn  
You pay your debt I'm gonna make you burn you know

You'll wish you were never born  
Blackmail, blackmail  
I'll make you pay  
For the life that you tore  
Blackmail  
Black

I know about you and I'm gonna tell  
The way I planned you're gonna go through hell  
Now you listen to what I'm about to say  
Or you won't live to see the light of day, you know

You'll wish you were never born  
Blackmail, blackmail  
I'll make you pay  
For the life that you tore
