

# Gotta Get Out Tonight

The Runaways

In the dead of the night I slip away  
Lookin' for some heavy action  
No matter what it is, I get that little itch  
My body needs satisfaction

Gotta get out tonite  
The wild one is callin' me  
Gotta get out tonite  
Out on the town is where I'll be alright

My folks think I'm bad and you know  
They're probably right  
But I don't listen to a thing they say  
But I don't listen to a thing they say  
Cause They're always uptight

My fantasy is strong, it really turns me on  
I'm gettin' oh so wet  
When will I discover my red hot lover  
The one I'll never forget

Gotta get out tonite  
The wild one is callin' me  
Gotta get out tonite  
Out on the town is where I'll be alright
