

# Johnny Guitar

**The Runaways**

I got myself a bad lover  
His name is Johnny Guitar lookout

Go for it Johnny  
All night long  
Go for it Johnny  
That's where I'm coming from

My fingers roll his body  
Making him scream  
And I'm lost in a metal dream

Go for it Johnny  
All night long  
Go for it Johnny  
That's where I'm coming from

Hot hands on his wet neck  
I'm a hunter he's my gun

Go for it Johnny  
All night long  
Go for it Johnny  
That's where I'm coming from
