Take It or Leave It

The Runaways

You know that I'm not an angel I told you when you walked in the door You know that you make me happy Better than the time before

Take it or leave it Do whatever you want Take it or leave it Do whatever you want to me

You know that you're just a playmate What are you trying to gain Lead me into the darkness To play our little nightime games

Take it or leave it Do whatever you want Take it or leave it Do whatever you want to me

You say you wanna be with me I see it in you It's only a one night stand And then we're through

You know that it makes me sad To see how you feel for me I gotta start movin' on Someone else is waitin' for me

Take it or leave it Do whatever you want Take it or leave it Do whatever you want to me
