## **Yesterday's Kids**

## The Runaways

Early one mornin' Got out of my car Saw a hippie couple Taking their love too far

I laughed at them Cuz I'm so cool And they looked like Dirty old fools

Yesterdays kids are tryin' to hide Yesterdays kids better step aside Yesterday's kids with their horrible lies Go on home to your long lonely nights

Let's bring back today It's been gone too long Your high school Hot Days are long gone

Your memory wires Are all broken down Old age fantasies Are all that you've found

Yesterdays kids are tryin' to hide Yesterdays kids better step aside Yesterday's kids with their horrible lies Go on home to your long lonely nights

Hey kids are you ready Here's the message Yea

We're the new heroes Hot on your heels Run over u with burning hot wheels Burn our wheels Wheels burn on Yea

Just so light

Your out of circulation Tryin' to get it on To be someone else Is a what your'e doing wrong

We can see u dodging All your private pain We don't give a damn That u seem so ashamed

Yesterdays kids are tryin' to hide yesterdays kids better step aside Yesterday's kids with their horrible lies Jišteno zwww.txp.cz your long lonely nights
