

## Good Times Roll

### The Rutles

Hour after hour in an ivory tower  
A thousand and nothings to do  
Spending the day in a colourful way  
Blue upon blue upon blue  
Psychadelicatessen  
Fricasse chorus girls thigh  
Toffee and mackerel gateau  
Pineapple pie in the sky

See how the good times roll  
See how the good times roll  
See how the good times roll away  
See how the good times roll  
See how the good times roll  
See how the good times roll away

Like ice in a drink  
invisible ink  
or dreams in the cold light of day  
The children of rock 'n roll  
never grow old  
They just fade away  
Drifting along on a cotton wool cloud  
dreaming of drum majorettes  
Swastika nightingales croon tongue in cheek  
an elephant never forgets

See how the good times roll  
See how the good times roll  
See how the good times roll away  
See how the good times roll  
See how the good times roll  
See how the good times roll away
