Got a criminal mind, it's rather unkind I do it for kicks, and it's a habit that, STICKS You do what you wanna I do what I wanna do

I do it for the kicks
And it's a habit that, STICKS

They'll put you back down and people push me 'round Well I do it for kicks, it's a habit that, STICKS

You do what you wanna I do what I wanna do

I do it for kicks
And it's a habit that, STICKS (x3)

Well the things that are possible once you dare I've sussed the cake and it's on the take

You do what you wanna I do what I wanna do

I do it for kicks
And it's a habit that, STICKS (x3)
