

## The Seduction Of Alabaster

### The Saddest Landscape

All this time spent wanting nothing more has found us  
with the lights out wondering if you can see colors in  
the dark. just wait for me with the tv on, anything to  
feel less alone. just a couple more nights, just a couple  
more pills, the art of mistakes has never been so  
seductively dark. dye your hair black. anything to feel  
like someone new because right now your skirt is starting  
to reveal just a little too much...

je t'aime mon ami mais je regrette
