

Crazy Googenheimer Blues

The Saints

Well I woke up this mornin' with the blues
My baby she left a note she said we're through
She said quit your drinkin' boy or else I'm gone
And now all day long I hang my head and moan
Yeah my baby left me I hang my head and moan
Please forgive me baby, come back home

She left me 'cause I didn't treat her right
I get drunk in the morning 'n' stay out all the night
I try to call her on the phone, tell her that I'm all alone
Now my baby's gone I been sleepin' with my dog
Yeah my baby left me I hang my head and moan
Please forgive me baby, come back home

Well I woke up this mornin' with the blues
My baby she left a note she said we're through
She said quit your drinkin' boy or else I'm gone
And now all day long I hang my head and moan
Yeah my baby left me I hang my head and moan
Please forgive me baby, come on home
