

## Easy Money

The Saints

I didn't walk the line  
now I'm in trouble  
you can call me a liar  
but that's too easy  
You had your chance  
and now I want mine  
I'll be your fuckin' nazi  
that's easy money

I didn't see the sign  
I got caught in the headlights  
And if I be blind then I don't see you  
And if you be mine  
then I'm in the slave trade  
Then if I sold you  
that's easy money

All the rescuers have gone away  
They've gone to save another day  
and left me in the lurch  
Stopped for petrol  
on the motorway  
I think that miracles have had their day  
I've been too long at sea

It was a good idea  
just the wrong dimension  
any other time  
you'd care to mention  
Then in your place  
I could be you  
and you might like that  
That's easy money
