

Easy Money

The Saints

I didn't walk the line
now I'm in trouble
you can call me a liar
but that's too easy
You had your chance
and now I want mine
I'll be your fuckin` nazi
that`s easy money

I didn't see the sign
I got caught in the headlights
And if I be blind then I don't see you
And if you be mine
then I'm in the slave trade
Then if I sold you
that`s easy money

All the rescuers have gone away
They've gone to save another day
and left me in the lurch
Stopped for petrol
on the motorway
I think that miracles have had their day
I've been too long at sea

It was a good idea
just the wrong dimension
any other time
you'd care to mention
Then in your place
I could be you
and you might like that
That`s easy money
