

## First Time

## The Saints

I know someone who can sell you a breakdown  
he's a sure & a certain man  
& all his time is spent inside of  
a laboratory looking out  
& if dreams were made to crash on seashores  
he's a rock you can be sure  
if it's to dust that you are returning  
the door is open you can step inside  
if you only want to try  
there is no obligation to buy  
the first time....

Picture yourself in the garden of eden  
then take a walk to the other side  
if it's to dust that you are returning  
the door is open you can step inside  
if you only want to try  
there is no obligation to buy  
the first time....
