

How to Avoid Disaster

The Saints

Here I am in a pyscopathic world
trying to avoid disaster
& cutting up tomorrow's papers
Talking about all the change that's going to come
& how to avoid disaster
if it was easy you could ask me
if it were mine I'd try.....
Falling out the window full of drink in my head
like a Jamaican festival
baby thinks that I'm an animal
Spend my time trying hard not to think
no panic about the inevitable
& if it was easy you could ask me
if it were mine to decide
I'd rather not be crucified.....
Here I am in a pyscopathic world
trying to avoid disaster
& cutting up tomorrow's papers.....etc
