

Pick Up The Pieces

The Saints

I heard you made another resolution
I even heard the price you paid
you can be anything you ever wanted
at least for now if not for ever
But talk is cheap & not always recommended
you can't live on favors
shot down by the best of intentions
I don't mind I got time & believe that...
you better pick it up...all the broken pieces
throw away what you don't need
keep on going to all the right places
sooner or later
you get what you need....
When you get tired of your latest creation
& are looking around for new ideas
when you get bored with all your complications
why not call I got time & believe that
you better pick it up...all the broken pieces
throw away what you don't need
keep on going to all the right places
sooner or later
you get what you need.....
