

## I Remember Dying

### The Samples

If you meet me by the river  
I'll tell you what's forever  
If you hold me there forever  
I remember dying  
I remember dying  
But as I drift to sleep  
When I just can't yet  
Twenty thousand sheep  
Some I will forget  
Looking up as if  
I was still awake  
Looking up as if  
You were still  
If you meet me by the river  
I'll tell you what's forever  
I remember dying  
'Cause I remember dying  
By the river  
By the river  
'Cause I remember dying
